- Briefly about Tieto
- Towards postmodern EHR
- openEHR
- And beyond...

We build upon our Nordic leadership and expand internationally

- Employing **14 000 experts** globally, in close to 20 countries.
- Serving customers in over **85 countries** world-wide.
- Aims to become first choice **business renewal** as the leading Nordic software and service company.
- Combines **global capabilities with local presence**.

PHCW Market position

#1 supplier in Finland

#1 supplier in Sweden

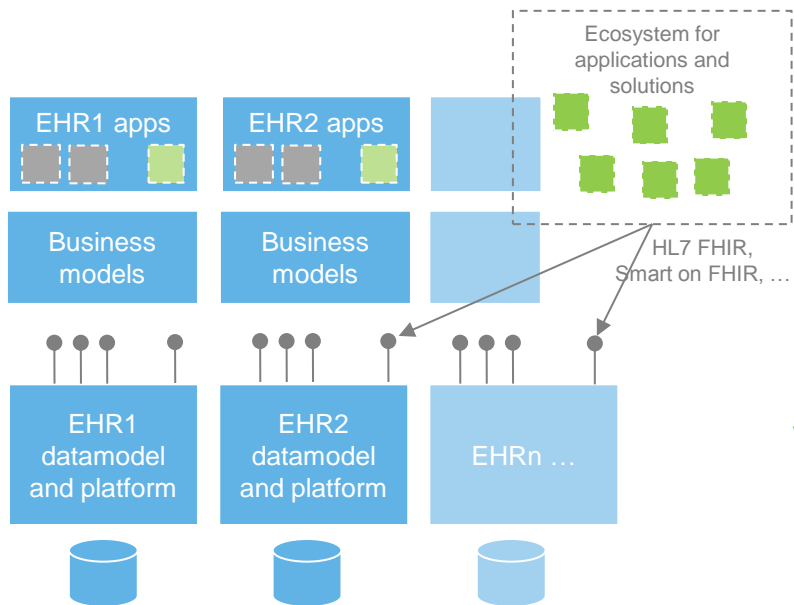

#4 supplier in Norway

Services

- End-to-end industry solutions and software in Healthcare, Welfare, Education and Case management
- Technology modernization services for customer IT renewal

Towards postmodern EHR

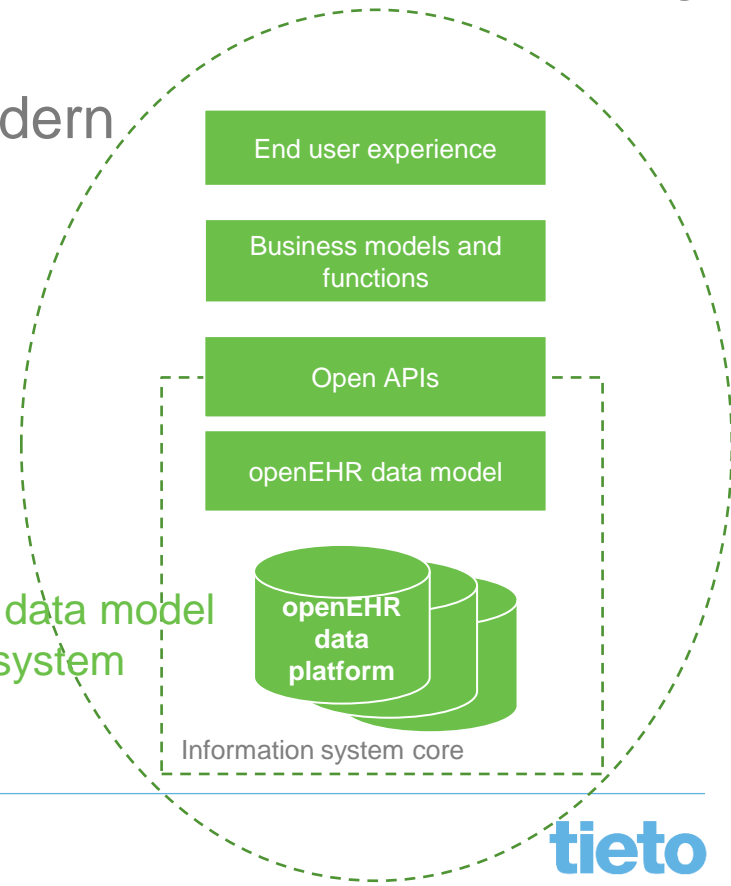

- Traditional

Mostly vendor driven ecosystems

- Postmodern

Vendor neutral data model
Open ecosystem

openEHR

- Healthcare data is one of the most durable data in the world
 - → Should not be bound to any system or solutions
- We would like to see lot of players behind vendor independent data models and platforms
 - → Innovations around **openEHR** (www.openehr.org)
